THE OFFICIAL NEWSLETTER OF
HEROES UNITED GOLF SCRAMBLE LEAGUE

Kissimmee Bay

It was a great practice round for our finale in November. We celebrated Jeff and Jammie's anniversary, Nate's closest to the pin, Team Jeff, Leroy and Nate as the winners of this round when they birdied the last two holes.

In other news: Mike invited Holley to an event at the St Cloud Chamber of Commerce where the mayor proclaimed the first week in November as the Veteran Small Business Week. It was an honor to be present for that major milestone. Holley also attended a ribbon cutting ceremony and connected with many other community neighbors to spread the word about our League. We continue to reach out and connect with those around us. The Wounded Warrior Project invited 5 of our post 9/11 veterans to a major event they're hosting Nov 7th as part of this community building!

We still continue to seek players and sponsors for our First Annual Heroes United Golf Tournament on Dec. 5th. If you know of a business that wants to support our mission please direct them to our **website: www.heroesunitedgolf.org**.

You know you want to head to a basketball game!! Check on the links below to order your tickets. You can share this email and the links so anyone can purchase tickets. Proceeds to directly to our League.

One last announcement: A BIG thank you to all who donate to the League via Amazon Smile. We continue to receive regular contributions from your every day ordering. Thank you! These donations make a difference. If you know of anyone who also orders from Amazon remind them that they can also contribute to our League by attaching their account to Heroes United Golf Scramble League in Amazon Smile. It costs you nothing and benefits us Greatly!

Coach Matt's Golf Tips!

Struggling with club selection? The tendency for most golfers is to pick one club less than what they should actually use, ending up in their shot coming up just short of the green. Try taking one club more the next time you're between clubs and swing your normal speed, instead of trying to "hit this one hard." You may find the results of this method to be more consistent.
